Application

Use for a variety of cranes, ships, fire engines, cars and banks and other security signals in the transmission of signals, as well as farms, security alarm transmission, easy to pass when the long signal tones.

Technical Data

Item Description	Motor Siren MS-390
Voltage	DC12 V, DC 24V, AC 110V, AC 220V
Sound Pressure	100-110dB radius1 meter
Material	Steel Shell
Sound Type	Continuous Tone
Size (mm)	132(W)*215(L)*145(H)
Protection Class	IP44
Conventional Colors	Red, Grey
Insulation Resistance	100MΩ (at 500 VDC)

Dimension(mm)
